### **The Universe Doesn't Give A**

If you walk around every day on eggshells, nervous about making a mistake or looking stupid, then you should read this. If you have a "next big thing" in mind you want to do because you know it will be awesome (starting the business, making the big move, launching the nonprofit, writing the book) but are afraid of doing what it would take to make that thing happen, then you should read this.

Everyone always says if you truly respect a person you're dating, you won't be able to cheat on them. But cheating has literally nothing to do with respect. You can be mad at a partner for sleeping with someone else — you can kick them out, you can sleep with their friends, you can even break up with them. But you can't be sure they did it because they aren't in love with you, because it's ...

Carbon-14 Dating. Carbon-14 (14 C), also referred to as radiocarbon, is claimed to be a reliable dating method for determining the age of fossils up to 50,000 to 60,000 years. If this claim is true, the biblical account of a young earth (about 6,000 years) is in question, since 14 C dates of tens of thousands of years are common.<sup>1</sup>. When a scientist's interpretation of data does not match the ...
