Amartya Sen - Wikipedia

The capability approach (also referred to as the capabilities approach) is an economic theory conceived in the 1980s as an alternative approach to welfare economics. In this approach, Amartya Sen and Martha Nussbaum bring together a range of ideas that were previously excluded from (or inadequately formulated in) traditional approaches to the economics of welfare.

Capability approach - Wikipedia

Development as Freedom is a popular summary of economist Amartya Sen's work on development. In it he explores the relationship between freedom and development, the ways in which freedom is both a basic constituent of development in itself and an enabling key to other aspects.

The idea of Global Dignity, born out of the 2005 World Economic Forum inaugural meeting of the Young Global Leaders, is developed into action in both Davos and Oslo.

Our Story | Global Dignity

Act and Rule Utilitarianism. Utilitarianism is one of the best known and most influential moral theories. Like other forms of consequentialism, its core idea is that whether actions are morally right or wrong depends on their effects. More specifically, the only effects of actions that are relevant are the good and bad results that they produce.

Amartya Sen - Wikipedia

There's a deep asymmetry of power in our society. Apparently, a marginal infusion of cash in the hands of the poor will destroy them. But the slightest tinkering with taxes in contexts where it is hard to even imagine what the marginal value of income is, will apparently cause economic catastrophe.
