### **Italian Renaissance - HISTORY**

The Renaissance may be vivid in the mind's eye - in images of human figures sculpted in the round, or in scenes painted with a profound and moving realism. But as a concept it is a slippery customer. The word is French for 'rebirth'. Historians first use it (from about 1840) for the period from the ...

History of Europe - The Renaissance: Few historians are comfortable with the triumphalist and western Europe-centred image of the Renaissance as the irresistible march of modernity and progress. A sharp break with medieval values and institutions, a new awareness of the individual, an awakened interest in the material world and nature, and a recovery of the cultural heritage of ancient Greece ...

The history of the world, in common parlance, is the history of humanity (or human history), as determined from archaeology, anthropology, genetics, linguistics, and other disciplines; and, for periods since the invention of writing, from recorded history and from secondary sources and studies.. Humanity's written history was preceded by its prehistory, beginning with the Palaeolithic Era ...

World history or Global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so ...
