The use of wine tasting descriptors allows the taster to qualitatively relate the aromas and flavors that the taster experiences and can be used in assessing the overall quality of wine. Wine writers, like Karen MacNeil, author of The Wine Bible, differentiate wine tasters from casual enthusiasts; tasters attempt to give an objective description of the wine's taste (often taking a systematic ...

Asti (also known as Asti Spumante) is a sparkling white Italian wine that is produced throughout southeastern Piedmont but is particularly focused around the towns of Asti and Alba. Since 1993 the wine has been classified as a Denominazione di Origine Controllata e Garantita (DOCG) and as of 2004 was Italy's largest producing appellation. In fact, on an average vintage more than ten times as ...

No culture is defined by their wine like Italy. As Burton Anderson noted in his work The Wine Atlas of Italy, just a few decades ago, a daily supply of basic village wine cost Italians less than their daily supply of bread. "The Wine Bible" author Karen MacNeil notes that "In Italy, wine is food... wine and bread are as essential to an Italian dinner as a fork and knife (probably more so)."

Minerality is a ubiquitous term used by wine drinkers and critics to describe certain wines. The term is relatively new in the lexicon of wine, gaining widespread use in just the last few decades. Mineral notes are often ascribed to white wines with crisp acidity, but the term is used in reference to some red wines, albeit less frequently.
