The graphic novel as we know it started as the comic boom medium elevated to a new level near the start of the 1980s. Starting as just longer comics, the graphic novels emerging around this time set the trend for the future of the medium: elevated characterization, deeper stories, original voices unshackled by the constraints of the comic book industry, and art work that could be at once ...

Well of course my best of list would be filled with books by Conundrum Press but I can't choose between my babies so here is another list. No best of 2018 list in comics can ignore the monumental achievement Berlin by Jason Lutes. I've been following this series and stopped at one point so I could have it all collected to read through in one sitting.
