The origin of language and its evolutionary emergence in the human species have been subjects of speculation for several centuries. The topic is difficult to study because of the lack of direct evidence. Consequently, scholars wishing to study the origins of language must draw inferences from other kinds of evidence such as the fossil record, archaeological evidence, contemporary language ...

Language - Language and culture: It has been seen that language is much more than the external expression and communication of internal thoughts formulated independently of their verbalization. In demonstrating the inadequacy and inappropriateness of such a view of language, attention has already been drawn to the ways in which one's native language is intimately and in all sorts of details ...

I love this idea and am looking forward to finding a way I can efficiently use such a rubric in an

online format. However, I take issue with two points: one, that students never (or rarely) read rubrics; and two, that analytical rubrics are used “[only] in cases where feedback is never part of the plan...the people using these rubrics aren’t interested in helping students learn and grow ...

Lojban language logo; Many science fiction novels have noted how difficult, illogical, unscientific, and inefficient the English language is (did you know that "ghoti" should be pronounced "fish?"). It is certainly a burden for people to learn as a second language, and even more so to try and teach to an alien race.

Rated 4 out of 5 by Cliffjumper from It's the safety on the Circ Saw Love the kit, they are heavy duty enough for my multi-purpose handyman work on four properties & other call-outs. Just bought it, so durability gets a mid-mark as only time will tell. The recip is nice & tight, drill does it all but the bigger work of an SDS or SDS Max or floor chipping.

Ever since the new revenue standard IFRS 15 Revenue from Contracts with Customers was issued, I get one and the same question: What happened to construction contracts? They were guided by IAS 11 Construction Contracts, but you might well know that after 1 January 2018, IAS 11 became superseded – it does NOT apply anymore. Under the new IFRS 15, construction contract is treated exactly the ...

Computer - History of computing: A computer might be described with deceptive simplicity as “an apparatus that performs routine calculations automatically.” Such a definition would owe its deceptiveness to a naive and narrow view of calculation as a strictly mathematical process. In fact, calculation underlies many activities that are not normally thought of as mathematical.
