The Fantastic A Structural Approach

The fantastic (French: le fantastique) is a subgenre of literary works characterized by the ambiguous presentation of seemingly supernatural forces.. Bulgarian-French structuralist literary critic Tzvetan Todorov originated the concept, characterizing the fantastic as the hesitation of characters and readers when presented with questions about reality.

One of the many perplexing questions when it comes to understanding who has what repair or replacement responsibility in a lease is to know what is and what is not part of a building's structure. Unfortunately, there isn't universal agreement as to what is included within this generic description of a building component and if the lease doesn't make clear what is and what is not a ...

A joke is a display of humour in which words are used within a specific and well-defined narrative structure to make people laugh and is not meant to be taken seriously. It takes the form of a story, usually with dialogue, and ends in a punch line. It is in the punch line that the audience becomes aware that the story contains a second, conflicting meaning.

Joke - Wikipedia
