A few months ago, I took my wife to a nearby indoor range to show off my shooting skills. I brought two of my handguns: a Taurus 689 with a 6-inch vented rib and full underlug, my EDC piece which is a gunsmith-customized Norc commander-size 1911, and an Armscor M206 I borrowed from a buddy, it has a full-length rib and half underlug.. I've been at it for a while when she asked if she could ...

Probably the first knife you ever owned was a pocket folder, and I'll bet it was also one of your most prized possessions, until you lost it and got a better one. I can't imagine anyone who didn't grow up owning a progression of better pocket knives, although I suppose there are some very deprived souls out there who didn't.

Both the SIG P320 and the Glock 21 are robustly made, reliable, have good fit and finish and use polymer frames. Both also use a DAO (double action only) trigger mechanism. So apart from the two pistols being manufactured by two companies well known for their products' reliability, they share a few similar things.

Well it was a joke. I call on my lunch break to see if they still have the car, they say yes we do. Alright I'm happy to hear so I go all the way home after work to get my girlfriend and daughter mind you it's pouring rain, drive an hour there and first thing I do upon arriving there is drive around to see if they still have it.
