In this course we will investigate what causes inequality between women and men. How does it arise, why does it take different forms, why does it vary in degree across societies, what are the

components that add up to gender inequality, how do various institutions and practices contribute to it, and how does it change?

### **Obituaries | harrisondaily.com**

This guide stresses the systematic causal analysis of gender inequality. The analytical questions raised and the readings listed consider why and how gender inequality arises, varies across and within societies, persists over generations, produces conformity by individuals and institutions, resists change, and sometimes changes dramatically.
