Critical whiteness studies. An offshoot of critical race theory, theorists of critical whiteness studies seek to examine the construction and moral implications of whiteness. There is a great deal of overlap between critical whiteness studies and critical race theory, as demonstrated by focus on the legal and historical construction of white identity, and the use of narratives (whether legal ...

Background. By the 18th century, "white" had become well established as a racial term at a time when slavery of African-Americans was widespread. David R. Roediger has argued that the construction of the "white race" in the United States was an effort to mentally distance slaveowners from slaves. The process of officially being defined as white by law often came about in court disputes over ...
