Francia Occidentalis, France. Margraves and Counts of Flanders, 862-1405 AD. Flanders (Vlaanderen in Flemish, Flandre in French) is historically significant for a number of reasons. Perhaps the most important reason, in the long run, was that it became the site of the first major development of commercial culture in Northern Europe.

The article evaluates the degree to which the Second World War was responsible for the development of Europe since 1945. It seeks to disentangle effects that were clearly directly due to the war from those which can be seen as the result of changes already affecting pre-war Europe, and those due to post-war developments, such as the Cold War and the European Union.
