Snowshoes. The polar bear's paws are marvelously adapted to life in the Arctic. How? Let's count the ways: 1. The feet are covered with hair so that the bear can get a good grip as it runs across the ice and snow. 2. Thickly callused pads both protect from the cold and prevent the bears from cutting themselves on sharp ice edges. 3. Long claws help the bear to travel on the ice, pull itself up ...

The seven deadly sins, also known as the capital vices or cardinal sins, is a grouping and classification of vices within Christian teachings. Behaviours or habits are classified under this category if they directly give birth to other immoralities. According to the standard list, they are pride, greed, lust, envy, gluttony, wrath and sloth, which are also contrary to the seven virtues.
