Culture definition, the quality in a person or society that arises from a concern for what is regarded as excellent in arts, letters, manners, scholarly pursuits, etc. See more.

Culture | Definition of Culture at Dictionary.com

Urban culture is the culture of towns and cities. The defining theme is the presence of a great number of very different people in a very limited space - most of them are strangers to each other. This makes it possible to build up a vast array of subcultures close to each other, exposed to each other's influence, but without necessarily intruding into people's private lives.

Society and culture are similar concepts, but their scopes are different. A society is an interdependent community, while culture is an attribute of a community: The complex web of shifting patterns that link individuals together. Civilization, also, is closely connected to culture, and has often been used almost synonymously with culture. This is because civilization and culture are different ...
