The Tragedy Of Great Power

A great power is a sovereign state that is recognized as having the ability and expertise to exert its influence on a global scale. Great powers characteristically possess military and economic strength, as well as diplomatic and soft power influence, which may cause middle or small powers to consider the great powers' opinions before taking actions of their own.

The tragedy of the commons is a situation in a shared-resource system where individual users acting independently according to their own self-interest behave contrary to the common good of all users by depleting or spoiling that resource through their collective action. The theory originated in an essay written in 1833 by the British economist William Forster Lloyd, who used a hypothetical ...

NOTES. The Revenger's Tragedy was first printed in quarto without attribution by George Eld; some copies are dated 1607, some 1608 (the only variation on the title page), and this is one of a number of stop press variations, i.e., corrections made during printing. Only significant variations between these versions are indicated in the notes below (as Qa, Qb, and Qc), and I have used MacD. P ...

NOTES On October 31, 1611, Master of the Revels Sir George Buc, the government censor, cleared an untitled manuscript of a play, and it is by his makeshift title that we now refer to The Second Maiden's Tragedy. (Buc was probably thinking of Beaumont and Fletcher's The Maid's Tragedy, which otherwise has no relationship to this play.) This unique manuscript, most likely a prompter's copy ...
