In psychology and education, it is common to define feedback as any actions taken by an external agent to provide individuals with information regarding some aspect of their performance. At its simplest, therefore, feedback might identify the quality of the work, as happens when a typing teacher tells a student that his typing speed is 45 words per minute.

There was a succession of Soviet secret police agencies over time. The first secret police after the October Revolution, created by Vladimir Lenin's decree on December 20, 1917, was called "Cheka" (ЧК). Officers were referred to as "chekists", a name that is still informally applied to people under the Federal Security Service of Russia, the KGB's successor in Russia after the dissolution of ...
