### **The Origins Of Political Order**

The Origins of Political Order is a 2011 book by political economist Francis Fukuyama about what makes a state stable. It uses a comparative political history to develop a theory of the stability of a political system. According to Fukuyama, a stable state needs to be modern and strong, to obey the rule of law governing the state and be accountable.

Conservatism is a preference for the historically inherited rather than the abstract and ideal. This preference has traditionally rested on an organic conception of society—that is, on the belief that society is not merely a loose collection of individuals but a living organism comprising closely connected, interdependent members. Conservatives thus favour institutions and practices that ...
