A number of economists and sociologists have been critical of Jeremy Rifkin for being one of the major contributors to the "end of work" discourse and literature of the 1990s. Autonomist political philosopher George Caffentzis concluded that Rifkin's argument is flawed because it is based on a technological determinism that does not take into account the dynamics of employment and ...

For most Zelda games, the progression is pretty linear. As Link moves forward in the story, he gains more tools, his lifebar grows and maybe picks up a bottle or two here or there. But since Breath of the Wild is such a huge departure for the series, things look and feel much different when you ...
