Applied Strategic Thinking ® Workshop | CMOE

Strategic management involves the formulation and implementation of the major goals and initiatives taken by a company's top management on behalf of owners, based on consideration of resources and an assessment of the internal and external environments in which the organization competes. Strategy is defined as "the determination of the basic long-term goals of an enterprise, and the adoption ...

Strategic management - Wikipedia

Abstract. As the saying goes, "Hope is not a strategy!" To achieve results in today's rapidly changing marketplace, project managers must dig out of the day-to-day minutia and break free from the conventional ways of how "we've always done it" to spend more time strategically thinking and leading project teams into the future.

Strategic thinking for today's project managers - PMI

The architect. These strategists, 40 percent of the executives we surveyed, make the most of their talent for using fact-based analysis to spot industry shifts and to understand their own companies' sources of competitive advantage as a foundation for clear, differentiated strategies.

Rethinking the role of the strategist | McKinsey

Florida is internationally known for its welcoming approach to autonomous vehicles. With the support of the Florida Chamber of Commerce, Florida has passed a series of substantial, forward-thinking laws that have opened up public roads for this revolution and modernized Florida's infrastructure planning to include the future of autonomy.

Florida is at the cutting edge of the Autonomous Revolution

For the better part of a decade, strategy has been a business buzzword. Top executives ponder strategic objectives and missions. Managers down the line rough out product/market strategies.

Strategic Management for Competitive Advantage

If you're seeking work as a fundraiser, be sure to include the traits on this list of fundraiser skills in your resume, cover letter or job interview.

Skills Fundraisers Need to Be Competitive

The superannuation industry has dragged its heels in catching the big-data trend and, in a fiercely competitive environment, super funds are now at risk of becoming extinct if they do not change their approach to understanding what their members want and need, when they need it, according to Mercer.
