This is why you remain in the best website to look the incredible book to have.

The Man Who Counted A

In music, counting is a system of regularly occurring sounds that serve to assist with the performance or audition of music by allowing the easy identification of the beat. Commonly, this involves verbally counting the beats in each measure as they occur. In addition to helping to normalize the time taken up by each beat, counting allows easier identification of the beats that are stressed.

Counting (music) - Wikipedia

Jeremy Harper is a man living in Birmingham, Alabama, who is in the Guinness Book of World Records for counting to one million, live-streaming the entire process.. The endeavour took him 89 days, during which 16 hours per day was spent counting aloud, with 8 hours for eating and sleeping. He began his quest on June 18, 2007, finishing on September 14. ...
