Singing and Chanting. Chanting is one of the most enjoyable parts of my practice. It engages all the parts of the self: the entire body is intimately involved in the production of the sound; the heart supplies the emotional component; in chanting sacred songs the soul is engaged in their messages; the mind memorises the words and melody and then, when things become automatic, it tunes out and ...

"Whenever possible, astronomers appeal to the principle that we are not at a special time or place in the universe," Majewski said. "Because over the 14 billion-year history of the Milky Way it is unlikely that we would just happen to catch a brief event like the death of Sagittarius, we infer that such events must be common in the life of big spiral galaxies like our own."
