### **The Smart Swarm by Peter Miller - Penguin Random House**

Miller is very generous with his information throughout the book. His Smart Swarm principles are easy to remember and relate to our lives. It is inspiring how smart swarm principles and ideas can be applied in organizations. Some organizations have formed dogmatic hierarchical patterns, which may not be so easy to change.

### **Book Review: The Smart Swarm | Bring Your Passion To Work**

Smart Swarm: Birds, Bees and Better Business. What we as humans have forgone is the understanding of this interwoven and connected type of system – this smart system – as an optimal driver for productive behavior. In its stead, we have convinced ourselves that the hierarchy – with its command, control and predictability – is the model upon which productivity must be built.
