A Chinese typewriter is a typewriter that can type Chinese script. Early European typewriters began appearing in the early 19th century. However, as the Chinese language uses a logographic writing system, fitting thousands of Chinese characters on the machine needed much more complex engineering than typewriters using a simple latin alphabet, or other non-logographic scripts.

Chinese typewriter - Wikipedia

This is the fifth meeting Hawke's been in about this new synergizing-between-departments concept the administration has come up with. Hawke's always crossed department lines when he needed to and most of the other managers and assistant managers in this meeting with him today have done the same.

what's a laugan?

Almost all the professionals use this telephone message log so that no important message is missed out. It is expected from the user to clearly repeat the essential details like the name of the caller, his number and most importantly, the message he has to deliver before hanging up the phone.
