Number spoofing: more Metro Bank users say they were ...

Castling is a move in the game of chess involving a player's king and either of the player's original rooks. It is the only move in chess in which a player moves two pieces in the same move, and it is the only move aside from the knight's move where a piece can be said to "jump over" another.. Castling consists of moving the king two squares towards a rook on the player's first rank, then ...

Castling - Wikipedia

January 2004 Have you ever seen an old photo of yourself and been embarrassed at the way you looked? Did we actually dress like that? We did. And we had no idea how silly we looked.
