In mathematics, a divergent series is an infinite series that is not convergent, meaning that the infinite sequence of the partial sums of the series does not have a finite limit.. If a series converges, the individual terms of the series must approach zero. Thus any series in which the individual terms do not approach zero diverges.

Great book, more appropriate for tweens than Hunger games by FAR!! I am shocked and disappointed by the number of young children ages 8-13 who are reading the hunger games. It is not only violent but they type of violence is un matched in a child's mind. Divergent is a much better choice, it is ...
