The Invisible Hand Do All

The invisible hand describes the unintended social benefits of an individual's self-interested actions. Adam Smith first introduced the concept in *The Theory of Moral Sentiments*, written in 1759, invoking it in reference to income distribution. In this work, however, the idea of the market is not discussed, and the word "capitalism" is never used. By the time he wrote *The Wealth of Nations* in ...

Invisible hand - Wikipedia

Term used by Adam Smith to describe the natural force that guides free market capitalism through competition for scarce resources. According to Adam Smith, in a free market each participant will try to maximize self-interest, and the interaction of market participants, leading to exchange of goods and services, enables each participant to be better off than when simply producing for himself ...

What does invisible hand mean? definition and meaning

Definition: The unobservable market force that helps the demand and supply of goods in a free market to reach equilibrium automatically is the invisible hand. The invisible church or church invisible is a theological concept of an "invisible" Christian Church of the elect who are known only to God, in contrast to the "visible church"—that is, the institutional body on earth which preaches the gospel and administers the sacraments. Every member of the invisible church is saved, while the visible church contains some individuals who are saved and ...
