The End of Night: Searching for Natural Darkness in an Age of Artificial Light 3.95 · Rating details · 1,345 Ratings · 276 Reviews. A deeply panoramic tour of the night, from its brightest spots to the darkest skies we have left. A starry night is one of nature's most magical wonders.

The End of Night: Searching for Natural Darkness in an Age ...

The End of Night: Searching for Natural Darkness in an Age of Artificial Light is a 2013 non-fiction book by Paul Bogard on the gradual disappearance, due to light pollution, of true darkness from the night skies of most people on the planet. Bogard examines the effects of this loss on human physical and mental health, society, and ecosystems, and how it might be mitigated.

The End of Night Quotes Showing 1-10 of 10 "Most days I live awed by the world we have still, rather than mourning the worlds we have lost. The bandit mask of a cedar waxwing on a bare branch a few feet away; the clear bright sun of a frozen winter noon; the rise of Orion in the eastern evening sky-every day, every night, I give thanks for ...

The End of Night Quotes by Paul Bogard - goodreads.com

A deeply panoramic tour of the night, from its brightest spots to the darkest skies we have left. A starry night is one of nature's most magical wonders. Yet in our artificially lit world, three-quarters of Americans' eyes never switch to night vision and most of us no longer experience true darkness. In THE END OF NIGHT, Paul Bogard restores our awareness of the spectacularly primal, wildly ...

The End of Night: Searching for Natural Darkness in an Age ...

In the recent book "The End of Night" (Little Brown), author Paul Bogard attempts to raise "night consciousness" by examining what we've lost, what we have left, and what can be done to regain the night, all of which he addresses in the following Failure interview. Have we already lost the night? That's a complex question.

The End of Night - Paul Bogard on light pollution ...

Many thanks to Paul Bogard for searching out the dark spots and reminding us to celebrate them!" —Bill McKibben, author of The End of Nature "Darkness is among the many things we have lost

gradually, without mourning.
