The nature versus nurture debate is about the causes of differences between people.. Like all living things, people have inherited innate qualities. There are also events or experiences which happen during life. 'Nature' describes the effect of a person's genes, whereas 'nurture' describes whatever happens during life.. In the language of population genetics, the heritability of a feature is ...

Hi everyone, Papa Natural here with an update. I posted this quote on the Mama Natural Facebook page recently, and it just blew up. So far, the post has reached over 17 million people, earned 600,000 likes, and has been shared over 140,000 times. Why the broad reach? Because the post turned out to be really divisive. Of the 11,000 comments, about half were negative.
