Philosophy of language is the reasoned inquiry into the nature, origins, and usage of language. As a topic, the philosophy of language for Analytic Philosophers has been concerned with four central problems: the nature of meaning, language use, language cognition, and the relationship between language and reality. For Continental philosophers, however, the philosophy of language tends to be ...

Philosophy of language - New World Encyclopedia

This topic aims to help understand the close link between learning to talk and learning to read, their importance in children's intellectual development, the learning mechanisms involved and the external factors that influence them, and signs that could indicate a learning disability.
