A milestone work of memoir, travel writing and history, The Bush by Don Watson takes us on a profoundly revelatory and entertaining journey through the Australian landscape and character. Starting with his forebears' battle to drive back nature and eke a living from the land, Don Watson explores the bush as it was and as it now is: the triumphs and the ruination, the commonplace and the bizarre, the stories we like to tell about ourselves and the national character, and those we don't.

Community Reviews. This is a magnificent and beautifully-written book about the Australian bush - or bushes as Watson rightly describes it. Covering every imaginable aspect of life and history of the bush from the various life forms, the environment, indigenous people, colonial settlers and squatters and modern life. Well worth a read.
