Forensic genealogy research is different. Traditional genealogy research usually begins with the client or his/her ancestor and works back in time to discover earlier generations. Forensic research begins with the decedent. As forensic genealogists, we examine the immediate family including spouses, children, grandchildren, siblings and parents.

### **Why Do I Need a Forensic Genealogist? | Legacy Tree**

I really enjoyed reading Nathan's first book, Hiding the past so I looked forward to reading The Lost

Ancestor after hearing a review by a geneablogging mate. This story certainly didn't disappoint. It held all elements I love in a story, genealogy and family history research, mystery, suspense, drama and a well written plot.
