He sounds just like he's done with wrestling as a whole. I don't blame him. He put a lot of strain on his body in the indies, accomplished more than anyone ever thought he would, and Renee has been talking about starting a family soon, her family putting pressure on them to start a family, and her wondering if now is the right time on her podcast.

BMI (body mass index) is a key indicator of overall health. Guidelines recommend that all adults maintain a BMI between 18 and 25; BMI over 25 indicates overweight, while one over 30 indicates obesity. However, it is possible that a few extra pounds may not be as harmful to those over age 65 as they are for younger people, and that being underweight is more of a concern for older individuals.

### **Healthy Weight and BMI Range for Older Adults**

Past Life and Astrology. Before I start, I want to say that past lives is a sensitive subject and with a lot of misunderstandings, the things that are written here are just MY BELIEFS, my truth. By no means are affirmations, each of you has your vision and perspective of what past life is.
