Marxian economics, or the Marxian school of economics, is a heterodox school of economic thought. Its foundations can be traced back to the critique of classical political economy in the research by Karl Marx and Friedrich Engels. Marxian economics comprises several different theories and includes multiple schools of thought, which are sometimes opposed to each other, and in many cases Marxian ...

Marxian economics - Wikipedia

Economics: Economics, social science that seeks to analyze and describe the production, distribution, and consumption of wealth. Economics was formerly a hobby of gentlemen of leisure, but today there is hardly a government, international agency, or large commercial bank that does not have its own staff of economists.
