Winner of the Gold Dagger Award A fascinating true crime story that details the rise of modern forensics and the development of modern criminal investigation. At the end of the nineteenth century

### **The Killer of Little Shepherds: A True Crime Story and the ...**

The Killer of Little Shepherds is the story of a serial killer and how he came to be detected and caught. The fact that there was a serial killer stalking the countryside of late 19th Century France is less surprising than that he was eventually caught and convicted by the nascent field of forensic science.
