The Financial Crisis And Free

A financial crisis is any of a broad variety of situations in which some financial assets suddenly lose a large part of their nominal value. In the 19th and early 20th centuries, many financial crises were associated with banking panics, and many recessions coincided with these panics. Other situations that are often called financial crises include stock market crashes and the bursting of ...

The crash of 1825-1826 is sometimes called the first modern financial crisis. Popular accounts of the crash have occasionally exaggerated its immediate effects, but there is no question that it had a marked influence on the way people thought about the economy, the state, and their place within them. It was in the wake of the 1825 crisis that economists realized not only that Britain had a ...
