Overview. It has been argued that Blade Runner thematically enfolds moral philosophy and philosophy of mind implications of the increasing human mastery of genetic engineering, within the context of classical Greek drama and its notions of hubris —and linguistically, drawing on the poetry of William Blake and the Bible. This is a theme subtly reiterated by the chess game between J. F ...

Early Modern Human Culture. Early modern Homo sapiens in Africa and Southwest Asia 100,000 years ago made tools that were similar to those of the Neandertals and other late archaic humans. These were mostly simple Mousterian-like Levallois flake and core tools. However, by 90,000-75,000 years ago some modern humans began producing new kinds of artifacts that were revolutionary enough to ...
