The Minds Eye Oliver Sacks

In *The Mind's Eye*, Oliver Sacks tells the stories of people who are able to navigate the world and communicate with others despite losing what many of us consider indispensable senses and abilities: the power of speech, the capacity to recognize faces, the sense of three-dimensional space, the ability to read, the sense of sight. For all of these people, the challenge is to adapt to a radically new way of being in the world.

The Mind's Eye | Oliver Sacks, M.D. | Author, Neurologist ...

Oliver Sacks was a neurologist, writer, and professor of medicine. Born in London in 1933, he moved to New York City in 1965, where he launched his medical career and began writing case studies of his patients.

The Mind's Eye: Oliver Sacks: 9780307473028: Amazon.com: Books

Like *The Man Who Mistook His Wife for a Hat* and *Other Clinical Tales*, *The Mind's Eye* is a collection of case studies by neurologist Oliver Sacks (who is perhaps best known for his bringing Temple Grandin, an extremely successful woman with autism to the attention of the public and for the film with Robin Williams based on his book *Awakenings*).
