The Cure are an English rock band formed in Crawley in 1976. The group has experienced several line-up changes, with vocalist, guitarist and principal songwriter Robert Smith being the only constant member. The Cure first began releasing music in the late 1970s with their debut album *Three Imaginary Boys* (1979); this, along with several early singles, placed the band as part of the post-punk ...

Are you worried about what you've done to your brain over the years? For decades, our understanding of brain chemistry was that we are all gifted with a certain number of brain cells at birth and if you kill them with, say, too much alcohol or drugs, you can never grow them back. That understanding [...]
