The Big Short - Discussion Questions

THE BIG QUESTIONS, 10th Edition, covers philosophy's central ideas in an accessible, approachable manner. You'll explore timeless "big questions" about the self, God, justice, and other meaningful topics, gaining the context you need for an understanding of the foundational issues, as well as the confidence to establish your own informed positions on these "big questions."

Amazon.com: The Big Questions: A Short Introduction to ...

Two concepts central to The Big Short are short selling and collateralized debt obligations. Money is generally made in the market when the value of an asset goes up. But there are ways for sophisticated investors to make money when the value of assets declines, and that's where short selling comes in.
