Immanuel Kant (1724-1804) Kant's most original contribution to philosophy is his "Copernican Revolution," that, as he puts it, it is the representation that makes the object possible rather than the object that makes the representation possible [§14, A92/B124, note].This introduced the human mind as an active originator of experience rather than just a passive recipient of perception.

Immanuel Kant - The Proceedings of the Friesian School

They pay the same in most places though, but yeah it took me about a week to realize I was losing money in the long run. You can make it work if you're smart about it and don't mind driving the drunkies but really not worth it even compared to most entry level jobs.
