Distinguishing between wants and needs isn't easy, but one thing you can always count on is that they'll change. And as the wants and needs of your customers evolve, so too must your social marketing strategy.. In order to be successful online you have to be flexible, and sometimes that means experimenting with new tactics or trying out different technology.

Fake news, also known as junk news or pseudo-news, is a type of yellow journalism or propaganda that consists of deliberate disinformation or hoaxes spread via traditional news media (print and broadcast) or online social media. The false information is often caused by reporters paying sources for stories, an unethical practice called checkbook journalism.
