The Dictators Handbook Why Bad

A dictatorship is an authoritarian form of government, characterized by a single leader or group of leaders with either no party or a weak party, little mass mobilization, and limited political pluralism. According to other definitions, democracies are regimes in which "those who govern are selected through contested elections"; therefore dictatorships are "not democracies".

In this paper we revisit the relationship between democracy, redistribution, and inequality. We first explain the theoretical reasons why democracy is expected to increase redistribution and reduce inequality, and why this expectation may fail to be realized when democracy is captured by the richer segments of the population; when it caters to the preferences of the middle class; or when it ...

Strongly felt religion has always been around; what needs explanation is its absence rather than its presence. - Peter Berger. Religion had a stranglehold on humanity until the 20th century, when it suddenly lost its grip on nearly a billion people in the course of a single century (non-believers skyrocketed from 3.2 million in 1900 to 918 million in 2000, or 0.2% of world population in 1900 ...

The German "war machine" was actually less gears and sheet metal, more flesh and bone. When World War II began, horses outnumbered vehicles in the Wehrmacht by a good 3 to 1, and that figure only got worse as the war progressed and vehicles crapped out. When we think of the German army, we think of panzer and tiger tanks, but even the famous panzer armies had 15,000 more horses than motors.

A great interview, and exciting insight into the mind of the author of John Rourke. The World has changed since those Cold War dominated days, when at least we could count on an enemy who actually feared Mutual Assured Destruction, or at least the underlings don't (leaders don't seem to want to suicide themselves).
