Weber's Vocation Lectures, "Science as a Vocation" and "Politics as a Vocation," have been both inspirations and incitements to controversy over the years. Almost one hundred years since Weber delivered them in Munich, the lectures are still being analyzed and used to interpret the current state of science and politics.

Science as a Vocation - Modernism Lab

Science as a Vocation (German: Wissenschaft als Beruf) is the text of a lecture given in 1917 at Munich University by German sociologist and political economist Max Weber. The original version was published in German, but at least two translations in English exist. Science as a Vocation is the first of the two "Vocation" lectures Weber delivered.

The Vocation Lectures - Google Books

A state is a human community that (successfully) claims the monopoly of the legitimate use of physical force within a given territory." — Max Weber, The Vocation Lectures: Science as a Vocation/Politics as a Vocation

The Vocation Lectures Quotes by Max Weber - Goodreads

Having recently taught Max Weber's "Science as a Vocation" (Wissenschaft als Beruf), I noticed that in their response essays many of my students were unsure about when he gave this famous lecture. Some of the students dated the lecture to 1918 and others to 1917.

A note on the dating of Max Weber's "Science as a Vocation ...

Politics as a Vocation. This expectation was especially strong given Weber's status as the most respected intellectual in Germany at the time. What Weber covers instead, however, are the broader philosophical questions of what politics is and the general characteristics of people who have politics as their vocation or calling.

Politics as a Vocation - Modernism Lab

It originated in the second lecture of a series (the first was Science as a Vocation) he gave in Munich to the "Free (i.e. Non-incorporated) Students Union" of Bavaria on 28 January 1919. This happened during the German Revolution when Munich itself was briefly the capital of the Bavarian Socialist Republic.
