It is good for a man that he bear the yoke in his youth. Let him sit alone in silence when he has laid it on him; let him put his mouth in the dust - there may yet be hope; let him give his cheek to the smiter, and be filled with insults. For the Lord will not cast off for ever, but, though he cause ...

An anvil is a metalworking tool consisting of a large block of metal (usually forged or cast steel), with a flattened top surface, upon which another object is struck (or "worked").. Anvils are as massive as is practical, because the higher their inertia, the more efficiently they cause the energy of striking tools to be transferred to the work piece. In most cases the anvil is used as a ...
