GRADES: **IF YOU MADE A 'D' in chem 101, you really should consider retaking chem 101 or have a very good reason for this score if you decide to continue in chem 102. Ideally, you want to have all of the concepts from chem 101 firmly understood, so you can go on to chem 102. I will always remind you of the concepts we are building on, so you can review the material if you need to.

Hi Harish! Wow, your question is not a short one! Basically Gaussian uses the Berny Optimization algorithm which calculates all forces on every atom (i.e. which way and how strongly is each atom being pushed or pulled by the rest of the atoms) then it also calculates the gradient of such forces and allows them to be pushed -or pulled- just a little bit and repeats the operation until the ...
