Wonderwall Music is the debut solo album by English musician George Harrison and the soundtrack to the 1968 film Wonderwall, directed by Joe Massot. Released in November 1968, it was the first solo album by a member of the Beatles, and the first album issued on the band's Apple record label. The songs are all instrumental pieces, except for occasional non-English language vocals, and mostly ...

Video game music is the soundtrack that accompanies video games. Early video game music was once limited to simple melodies of early sound synthesizer technology. These limitations inspired the style of music known as chiptunes, which combines simple melodic styles with more complex patterns or traditional music styles, and became the most popular sound of the first video games.
