This chapter provides a selective overview of research and analysis on migration that is being undertaken and published by a range of actors such as academics, governments, intergovernmental organizations and think tanks.

Chapter 4 | International Organization for Migration

"Elephant in the room" is a metaphorical idiom in English for an obvious problem or risk that no one wants to discuss.. It is based on the idea/thought that something as conspicuous as an elephant can appear to be overlooked in codified social interactions, and that the sociology/psychology of repression also operates on the macro scale. Various languages across the world have words that ...

Elephant in the room - Wikipedia

Key Concepts. Carbon dioxide (CO₂) gas dissolved in water can cause water to become acidic.; The acidity of water from dissolved CO₂ can be reduced by a base such as baking soda (sodium bicarbonate).; Summary. The teacher blows into a universal indicator solution until it changes color.
