The publication of "Beyond the Pleasure Principle" in 1920 marked a crucial turning point in Sigmund Freud's psychoanalytic theory. Up until then Freud infamously held that all human action is based on the sexual drives (the libido or Eros) and the pleasure principle of perusing pleasure while avoiding pain.

Cultural identity is the identity or feeling of belonging to a group. It is part of a person's self-conception and self-perception and is related to nationality, ethnicity, religion, social class, generation, locality or any kind of social group that has its own distinct culture. In this way, cultural identity is both characteristic of the individual but also of the culturally identical group ...

Fatiha Guessabi argues that culture is a language in itself Language always carries meanings and references beyond itself: The meanings of a particular language represent the culture of a particular social group. To interact with a language means to do so with the culture which is its reference point. We could not understand a culture [...]

The c-word, 'cunt', is perhaps the most offensive word in the English language, and consequently it has never been researched in depth. Hugh Rawson's Dictionary Of Inveective contains the most detailed study of what he calls "The most heavily tabooed of all English words" (1989), though his article is only five pages long. Cunt: A Cultural History Of The C-Word is therefore intended as the ...
