how to make numbers 0-20 using 4 fours - Math Homework Answers

Draw a place value chart with two rows and four columns. Label each column with a place value. The binary system is a base 2 system, so instead of the ones, tens, hundreds, and thousands place like we use in the decimal (base 10) system, binary has the ones, twos, fours, and eights place. The ones place is the far right column of your chart, and the eights place is the far left column.
