The Language Wars examines the present state of the conflict, its history, and its future. Above all, it uses the past as a way of illuminating the present. Above all, it uses the past as a way of illuminating the present.

### **The Language Wars: A History of Proper English - Kindle ...**

English, like any other language, is freeflowing and constantly changing, according to The Language Wars, while its rules are in most cases entirely arbitrary and historically accidental. A single clause can sum it up: “...in 1712 the typographer Michael Mattaire suggested, for instance, that the correct plural of species was species’s.”

The Language Wars. It starts with the strange and rambling idiolect of President Donald Trump—which The Guardian describes as “redundant, formulaic, aggressive, “post-literate”—full of bland contradictions, polarizing generalizations, statements sometimes inconsistent with reality (and some, we assume, are good statements ).
