Vixen GPDx how does it compare?? - posted in Mounts: I recently picked up one of these with the computer goto system with a C8 and like it a lot. I have also used a couple of Atlas mounts at Camp Eberhart. I am curious to know how this mount that is over 10 years old compares to the more current mounts. I know that the Atlas versions I have used don't have an internal clock after its turned off ...

Microblading is a semi-permanent cosmetic procedure that uses a handheld tool to deposit pigment into the skin, creating natural-looking, hair-like strokes. It is a popular choice for those looking to enhance their eyebrows. The procedure is performed by a trained technician who will first consult with you to determine the desired shape and color. The pigment is then applied in thin, hair-like strokes that blend with your natural hair. The results typically last for 12 to 18 months.
